

**Sneezing?
Itchy Eyes?
Runny Nose?**

**It may be
allergies!**

**Complete our next study and you may be
compensated up to \$375 for your time.**

Starting soon, Dr. Jay Rubin, M.D. of Eye Clinics of South Texas in San Antonio will be conducting a new allergy study to evaluate how effective a new investigational eye drop is at treating the signs and symptoms of eye allergies. If you experience allergy symptoms and are at least 18 years old, you may qualify to participate.

The study involves 4 office visits over the course of approximately 3 to 9 weeks and you may be compensated up to \$375 for your time.

Participants will need an allergy skin test prior to enrollment in the study and allergy skin tests will be provided at no cost.
